

# NACE Coating Inspector Program (CIP) Level 2

## Objectives

- CIP Level 2 focuses on advanced inspection techniques and specialized application for both steel and non-steel substrates. The course explains in-depth coverage of surface preparation, coating types, inspection criteria, and failure modes for various coatings including specialized coatings and linings. The course concludes with both written and practical exams.

## Course Outline (5 days)

- Dehumidification
- Centrifugal Blast Cleaning
- Waterjetting
- Coating Types and Inspection Criteria
- Hot – Dip Galvanizing
- Spray Metalizing
- Concrete and Cementitious Surfaces
- Pipeline Coatings
- Specialized Application Equipment
- Use of Inspection Procedures for both Destructive and Nondestructive Test Instruments
- Inspection Instruments Lab
- Laboratory Instruments and Test Methods
- Coating Survey Techniques
- Cathodic Protection
- Team Exercises/ Case Studies

## Lecturer

TBA-

## Who should attend?

- Anyone interested in becoming NACE Coating Inspector Level 2 – Certified or increasing his or her coating inspection knowledge should attend this course.
- **Pre-requisites**  
Successful completion of CIP Level 1 classroom training or CIP Exam Course 1 is required to register for CIP Level 2.

## Fee

- **NACE Member: USD2,100.00 + 12% VAT**  
**Non-NACE Member: USD2,300.00 + 12% VAT** for the Training Center at The City Club Alhaland, Makati City
- **NACE Member: USD2,000.00 + 12% VAT**  
**Non-NACE Member: USD2,200.00 + 12% VAT** for E-Learning:

Note:
